# "Reflections based on the two documents"

## **OECD-paper**

- *Changed "Values in society."*
- *Increased importance of consumer attitudes.*
- *Changed attitude in **some** farmers organisation.*
- *Changed priorities for governmental financial support.*

## **SLU-book**

- *Productivity - Environment - Environmental Monitoring and Assessment.*
- *Plans, Plans, Plans - nothing happens. Why?*
- *Systems and holistic perspectives - how?*
- *Social sciences and humanities - how?*

# **Learning organisation:**

*”one that continuously learns from its experiences in order to accomplish its tasks in a better way”*

---

- **SLU - a learning organisation?**
- **EURAGRI - a learning organisation?**
